Lions Eye Health Program is On the Move

Introducing our new National Program Manager, Stephanie Field. Steph is replacing Leah Evans who is moving on after over 15 years of incredible service to LEHP. The Committee and volunteers extend a heartfelt thank you to Leah for her commitment to the program and wish her all the best for her future endeavours.

As part of this changeover, we are also in the process of relocating our National Office from NSW to SA. We are doing our best to answer any queries and fill any resource orders as soon as possible, but please bear with us as there may be some delays, as we complete the move. Our 'enquiries' email and contact phone number will remain the same, however the mailing address is now PO Box 178, Seaford SA 5169.

Rob Winter
National Training Manager, Lions Eye Health Program
